The notices which these replace were based on an amendment to the Foreign Service Act, which is applicable to persons stationed outside the United States.

Your suggestion that we consider modifying the program to cover personnel has been conveyed to the Deputy Director for Support, but we recommended signature of the HR as now written to get the regulation on the books before the notices expire on 1 September. We further recommended that your suggested modification of the program be prepared and submitted to OGC for a review of its legality.
